

Degree in Psychology

Degree in Psychology Blanquerna FPCEE is configured by a set of modules and subjects that allow future psychologists to acquire skills and competencies for assessment and intervention in different areas. Degree in Psychology is generalist, however, there is the possibility of applying one of the three mentions *:

- **Health Psychology**
- **Educational Psychology**
- **Organizational Psychology**

Students wishing to obtain one of the three possible mentions should consider the following criteria:

- Those interested in one of the mentions must take a minimum of 30 ECTS of optional subjects related to the chosen mention.
- Those interested in one of the mention must attend the Final degree project (12 ECTS credits) linked to the chosen mention.

The relationship of different mentions is shown below, indicating optional subjects and credits to Final degree project specific of each mention:

** Changes in the name and criteria of mentions in the degree of psychology that will be applied at the year 2016-17, based on the resolution of the AQU (05/03/2016).*
